Wyre Forest & District U3A History Group Study Tour to Kent

Once a separate kingdom, and England's oldest county, Kent can trace trails deep into an enthralling past. The geography that today means easy access to London and Europe, has for centuries ensured a defensive role. The result is a compelling collection of castles, historic houses and maritime heritage.

Kent's sacred places are special too. Canterbury's World Heritage site includes one of England's most important historical buildings: spectacular Canterbury Cathedral, home to the Archbishop of Canterbury and centre of Christian pilgrimage. Then there's Rochester Cathedral - dating from 604, it is England's second oldest.

Kent also boasts glorious gardens - exquisite sanctuaries where fragrance, colour and delightful design help you recharge and revive.

Departing Thursday 19th June 2014 for 5 days

Price £307 per person sharing.

Price based on a minimum group size of 30.
